

My phone use to ring almost every 15 min. while I was at home and some days I would have received 20 calls a day while at work. Now to come home and find 2-3 calls on my phone and maybe answer 1-2 calls a week is why I can relax in my home instead of getting annoyed over a constant Hi is Ms Corbett available? No thank you I don't need the pressure. If I want to buy something let me do the calling. If not leave me your home phone # and I'll call you!!!!
